Essential Signs to Know at an Airport

Berlitz®

DEPARTURES

This sign directs passengers to the area where they can board their flights.

GATES

This sign directs passengers to the specific boarding gates where they can board their flights.

ARRIVALS

This sign guides passengers to the area where arriving passengers can be met.

TERMINALS

In larger airports with multiple terminals, this sign provides information on the different terminal buildings.

CHECK-IN

This sign points passengers towards the check-in counters where they can obtain their boarding passes, drop off luggage, and complete other pre-flight procedures.

GATES

This sing indicates the direction to food and beverage establishments within the airport where travelers can grab a meal or a snack.
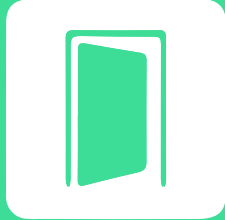

BAGGAGE

This sign typically directs passengers to the baggage claim area, where they can retrieve their checked luggage upon arrival.

TOILETS

This sign indicates the location of restroom facilities within the airport, helping passengers find necessary amenities.

EXIT

This sign shows the way to the exits, allowing passengers to leave the secure areas of the airport or the terminal.

TRANSFER

This sign guides passengers who are in transit between flights, indicating the direction to the transfer desks or areas where they can connect to their connecting flights.
